It is heard to believe that Labor Day has passed and there are hints of leaves turning everywhere I look. I hope your 2014 summer boating season was a great one! Fall is fast approaching, yet there is still plenty of boating, as well as events with our squadron, to be had.

I spend a lot of boating time on the lake and the changing of the colors is always a fantastic reason to be on the water, even though the tubing and water skiing are done for the year. Watching the foliage turn and catching everything in yellow to amber red right before the leaves fall is a reminder of how truly fantastic Mother Nature can be at times. We are thankful for a lot of the views that we see as a family, some only accessible by boat.

Now we will be looking at doing some pre-work for winterizing our boats - say it isn't so! Here are some boating tips I have heard or read about recently:

- Use white vinegar instead of bleach to kill onboard mildew, safer for color fabrics and won't wear on marine stitching as much.
- Add a small bit of grease to the end of a screwdriver to hold a screw in place for hard to reach places.
- You can clean the contacts of navigation lights with a pencil eraser to help prevent corrosion.
- Lay a damp towel down under a cooler to keep it from sliding on the deck.
- Boats have a kill switch for a reason. Use it.

With that said, there is still quite a list of fun activities planned by Delhigh for this fall. My family and I enjoyed the 2nd annual Fall Trailer Boat Rendezvous as a joint event between Delhigh and Kingsway. Special thanks to Kim and Past Commander Jeff for hosting the event on Lake Wallenpaupack. There are several upcoming events, 11 October-bowling at Hampton Lanes, 18 October -Oktoberfest social at the Lebeduik's home.

I look forward to hearing your boating tips on the water, or at the next meeting/event in the upcoming months.

The 19th Annual Fall Road Rally

15 November 2014

----Rain or Shine----

If you have never been on one of our "Road Rallies" before, you have no idea what you have been missing. Attendance of the Rally keeps growing.

This it is not a "race".

It is a day spent making new friends, family, a spouse, a friend, or a companion, for a drive on roads that you would probably never think to travel.

Please invite your friends. The more entries we have makes for a more enjoyable day.

The objective is to follow the directions, look for the pictures enclosed along the way, answer a few questions and just enjoy the day and the scenery.

It will start at the 'Starlite Diner', 233 North Rt. 100, Allentown, PA., 18106, (on Rt. 100 just south of Rt. I-78), phone number – (610) - 395-4031. We will meet for breakfast to get our instructions. (Breakfast is on your own or just be there before the instruction time.) Breakfast will begin at 0930 , instructions will start at 1000 . PLEASE be at the diner by 1000 before the instructions start. First car out will start approximately 1045.

Find your way to the half way point, turn in your first set of instructions and receive your second half of instructions to get you to the final destination for dinner.

It will end at a place to enjoy good food, have fun, and share good fellowship.

I'm positive everyone will be pleased.

All of our past rallies have proven to be a world of fun, enjoyment, and a challenge for the driver and his partner, called the Navigator". Communication between driver and navigator is a plus. (Ask any anyone who has attended.)

It's simple. **Follow the directions; know right, left and how to count! Just enjoy!!!**

****Please send in your reservation form by 7 November 2014.**

We are looking forward to seeing everyone again.

Pirates and Wenches Weekend 2014

Rock Hall, MD

Two years ago Nikki and I attended our first Pirates and Wenches Fantasy Weekend in Rock Hall, Maryland. 2014 is the 7th year Rock Hall has held this fun event.

On Friday night we left the safe harbor of home (PA) and were on our way to Rock Hall. We knew that by leaving home at 1530, the traffic would probably hold us back, but we could endure. We were right – traffic – making us too late to enjoy the festivities going on that night.

As we approached Rock Hall about 1930, we were hungry and needed to stop. A dinner at The Channel Restaurant in Tolchester was just what was called for. Our meal was excellent, as usual. (We recommend you stop in; you will not be disappointed.)

After our visit with Delhigh members, Russ and Amy Fontana on their boat in Tolchester Marina, it was on to *One Moor Time*, our vessel for lodging the weekend. Once again, Pirate Big Bro Chris and his lovely wench Blue Eyed Ginny accommodated us with their gracious hospitality.

On Saturday Nikki and I put on our pirate's attire and headed for Harbor Shack to begin the day's festivities: the pirates' dingy race, boat parade, and food and dancing.

Then we were off to Main Street, Rock Hall, MD. Once again Captain Black and the Valhallas Pirates did an outstanding encampment performance which told how the pirates lived and sailed the seas. They loaded black powder rifles, flint lock hand guns and fired cannons during the enactment which kept everyone's attention focused on the performance.

Everyone dressed as in the day of the pirate. The event was well planned and spread out so everything could be enjoyed by all.

We had the opportunity to meet quite a few couples and individuals who dressed the part of a pirate or wench. Pirates and Wenches Weekend has something for everyone. Kids went to the beach and dug for buried treasure, vendors sold their wares in town, and stands offered great food. To those of you who have an interest in pirates or just want to spend a fun weekend away, this is an event you won't want to miss.

After a full day of events it was time for this weary swashbuckler and his damsel to retreat back to our vessel for a good night's sleep.

Until our next adventure,
Nikki and Michael

Vessel Safety Checks

This year, Delhigh's six Vessel Safety Examiners have completed 67 Vessel Safety Exams, 50 of which passed.

Now that summer is, sadly, almost over, it's time to start our educational classes again! Delhigh will be teaching an ABC class, probably in November, dates are yet to be determined. Keep checking Delhigh's website for updates. Our new Piloting graduates should be ready for Advanced Piloting, so that class will begin in January, unless there is a push to start earlier; what do you say guys?

USPS has made three seminars available for online instruction. They are Weather for Boaters, Partner in Command and Boating on Rivers, Locks and Lakes. These seminars can be taken at your convenience, and I encourage you to give them a look and spread the word about them to your friends. The cost is \$20 and will be well worth your time!

To all you Navigation students, don't think I've forgotten about you, we will, someday, start up again, you'd better be ready!

Boat safely this fall

6 tips for enjoying autumn on the water

Autumn's arrival doesn't mean the boating and fishing season has to end, but shorter days and cooler temperatures require boaters to take extra precautions to ensure a safe and enjoyable outing.

1. **Update your charts.** Local authorities may pull aids to navigation like channel markers and buoys as early as October in some areas. With fall's shorter days, you could wind up cruising home after dark, making even familiar landmarks hard to spot. Make sure your charts—electronic and paper—are up-to-date so you can use them to navigate instead of visual aids.

2. **Check nav lights and flares.** Make sure your boat's navigation lights are working and your emergency flares aren't expired. Carry a few waterproof flashlights onboard to help you unload passengers and gear after dark, and be sure to stock spare batteries.

Make sure your VHF is working. Waterways are less crowded during fall. While peaceful, this also means that you might not see another boater who could help if you have a problem. You can use your VHF radio to call for help even where your cell phone has no signal. To find the right VHF channel for your area, use Sea Tow's free Automated Radio Check system.

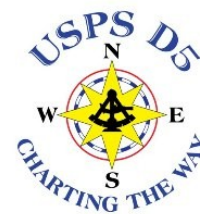

4. **Gas up before you go.** With fewer boats on the water, some fuel docks may close early during autumn. Don't assume you can fill up at your destination for the return trip home.

5. **Wear a life jacket.** As water temperatures get cooler, boaters falling overboard run an increased risk of hypothermia. By law children under 13 must wear a life jacket when the boat is underway, but it's a good idea for adults to wear them too, especially at night. Purchase life jackets with lights attached so rescuers can find you in the water. Make sure your life jacket fits over bulky jackets and sweatshirts.

Keep an eye on the weather. Autumn storms can approach swiftly and often seem more menacing than summer rain showers. Boaters can use a free Sea Tow app on their smartphones to get up-to-date weather forecasts, as well as tide and navigation information. You can also call for help with the swipe of a finger.
