- A Bit of Fun Page 17 and 19
- Calendar Page 18

Another year has gone by, this one with many changes as to how we have done our business with smaller groups and via zoom meetings. I have to say we fared pretty well and it was great to get together as often as we could. I applaud everyone who opened their homes to host and plan our events.

Our Educational Department did a fantastic job training virtually and in person to teach the ABC Course and advanced courses. Their dedication is the reason Delhigh has won all the educational awards this year. Thank you for all your time and effort to make it a successful year.

Delhigh's community service has also gone above and beyond, with Beltzville cleanup, Vessel Safety Checks and assisting food banks helping the needy. To all involved thank you for your kindness.

Our calendar is planned for the year and with the Good Lord's help we will be able to get together more this year and enjoy each others company.

It has been said before about how the members of Delhigh pull together to help each other and those in need. We are a great family .

I thank you all for everything that you do, no matter how small or trivial you think it is, it helps us become a stronger group and I feel that others look up to Delhigh and move forward to be more active in what they do.

I can't wait for us all to get together this year and have fun.

*Delhighlights* is the official publication of the Delhigh Power Squadron, a unit of United States Power Squadrons®, **District 5**, and is published bi-monthly.

Editor: Kathleen Nowroozani, SN

Most squadron meetings are held monthly at :

Star of Bethlehem Lutheran Church  
514 3rd Avenue  
Bethlehem, PA 18018

## Social Hour

It was great to catch up with everyone who attended! Russ and Amy Fontana, Kathy and Cyrus Nowroozani, Chris Brown, Keith Knoblach, Fran and Diane (not pictured) Montuori.

Our Founder's Day meeting was held via Zoom. All business was attended to and a second ABC class in March was announced at Peter's Marine for March 13 and 20.

The voting in of the new bridge was held via email in the days before the meeting. P/C Cyrus Nowroozani, JN took over the meeting and voting results were announced. The incoming bridge is set for the March 7 Change-of-Watch.

Top and Bottom Photos: Ed and Eileen, Kathleen, Jeanette, Diane and Fran, Bob, Doug, Michael, Russ, Chris, Brent, Michele and Keith.

# 2021 Change-of-Watch

Delhigh Power Squadron

Kim and Incoming Commander Keith ready to Zoom.

Brent, our MC for the evening.

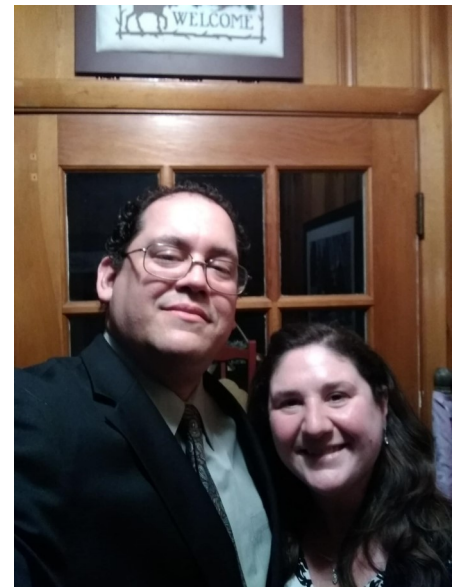

Diane and Fran, Bob and Kathleen, Brent, Michele and Sergio, the yard arm, Keith, Chris, Kathy, Doug, Mark and Mary Lee, Michael and Nikki, Randy and Jeanette, Ed and Eileen.

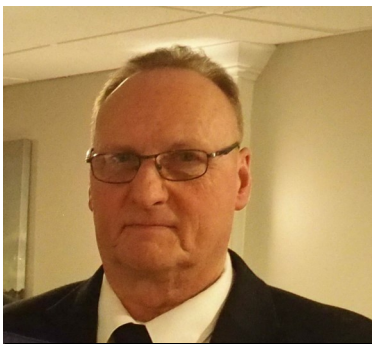

Nikki and Michael.

Cyrus, Kathleen and Bob.

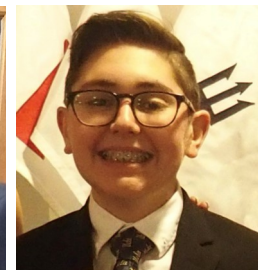

Sergio and Michele.

Incoming Commander Keith Knoblach, AP.

Kathy, Mark and Mary Lee.

Incoming Bridge Left to Right: Executive Officer Robert Rendish, P, Educational Officer Kathleen Nowroozani, SN, Secretary Jeanette Meisner, AP, Treasurer Michael Lebeduik, III, JN, Asst. Educational Officer Sergio Lamboy, P and Flag Lieutenant Oliver Nowroozani, P.

# 2012 St Patrick's Day Parade

Keith and Brent walking the Delhigh banner with Vince, Nikki, Kathleen and Doug pulling Sea Vester.

Here comes the boat and truck with Cam handing out flyers and Joe working the crowd.

Nobody works a crowd like P/C Joe Stemrich, Sr., P!

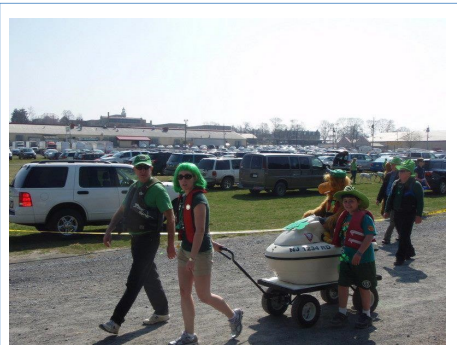

Cyrus driving the truck with Oliver in the window.

Kaitlyn and Karlee in their PFDs. Safety first!

Every boat needs a mermaid on the tail! (Kim)

Doug and Kathleen pulling Sea Vester with Vince, Gary and Brent.

Vince and Joe showing the kids how much fun Sea Vester can be.

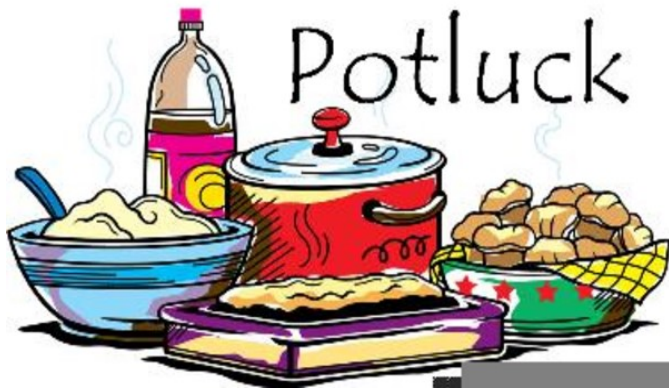

Joe, Cam, Brent, Gary, Sea Vester, Nikki, Vince, Kathleen, Doug and Keith with Kim, Kaitlyn and Karlee on the boat.

for our  
**April  
Meeting**  
and Old Favorites

Potluck

Wednesday, March 31  
(The meeting is in March as to not interfere with  
the D/5 Spring Conference online April 5-8)

Potluck at 6:30pm  
Meeting starts at 7:00pm  
at

The Nowroozani Residence

RSVP to [k.now@mac.com](mailto:k.now@mac.com)

Or (956) 240-5553

By Friday, March 26

We will also Zoom this meeting.

social  
**HOUR**

Saturday, April 17

5pm

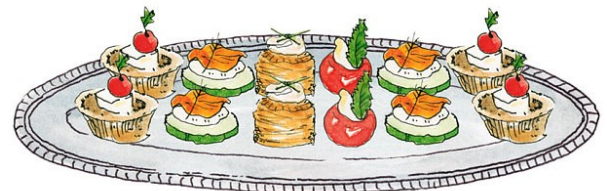

Meisner Residence

It's time to get together and share some  
fun! Who's ready!?!

Meatball sandwiches will be served.  
Please bring an appetizer to share.

RSVP to Jeanette at

[Jeanette@meisnerservices.com](mailto:Jeanette@meisnerservices.com)

## 9th Annual Sock Burning

Saturday, May 1  
4pm  
at the Dlugos Residence  
801 S. Oaks Road  
Bath

Hot dogs and sauerkraut  
will be provided.

Please bring an appetizer, side dish  
or dessert  
to share.

**Don't forget your socks!!!**

Please RSVP to Kathy at  
[k.now@mac.com](mailto:k.now@mac.com)  
Or (956)240-5553

## May Meeting at

Thursday, May 6  
1905 Brookside Road  
Macungie  
6pm

We will meet upstairs in a private  
room and order off the menu.

RSVP to Kathleen at

Coca Cola Park is open for Iron Pigs Games again at 10% capacity! The 3<sup>rd</sup> base Party Porch has been approved for 30 guests and no more! Buffet dinner will be included along with unlimited soft drinks and bottled water.

**Tickets are available at this time to members only.** We will open to family and friends soon so get your reservations in!

RSVP to Kathleen at  
[k.now@mac.com](mailto:k.now@mac.com) or (956) 240-5553

**See you at the Ballpark!!!**

## New Engine Cut-Off Switch Law

There is a new Federal Law in the books as of April 1, 2021 that all vessels less than 26 feet long with 3 or more horsepower engines must use their electronic cut-off switch unless they are in an enclosed cabin. This is a new law for many states and the penalty for a first offense can be as much as a \$100 fine.

This law comes on the heels of a law that went into effect December 4, 2019 requiring manufacturers, distributors and dealers that install related machinery to also equip those vessels with compliant engine cut-off switches.

These laws are meant to improve the safety of recreational boaters from propeller and other injuries caused by runaway boats whose operator has been thrown overboard having not been using their engine cut-off switch.

You can find the February 2021 report about this from the USCG here: [New VSC Code of Federal Regulations Engine Cut-off Switch Requirement](#) and remember to always wear your engine cut off switch lanyard when operating your boat.

### April

## VSC Corner

By: P/C Michael Lebeduik, III, JN

After the past year of uncertainty, we may be getting back to some sense of normalcy. Yes, it is finally here.

Once again it is that time of year when spring arrives and it is time to take off the shrink-wrap, bottom paint, check your lines, zincs, props and more. By doing all of the preseason checks and taking the time to correct any issues you are helping ensure you have a good boating season. It also pays to have a Vessel Safety Check by one of your Vessel Safety Examiners.

It would also be a good idea to refer to the [USPS Safety Committee webpage](#) to stay informed about the latest safety issues. This information is published to keep you informed and in compliance with State and Federal Regulations.

Here is a check list to go over before having a Vessel Safety Check:

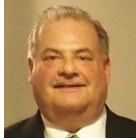

1. Registration number properly displayed.
2. Registration / Documentation
3. Personal Flotation
4. Visual Distress Signal Devices
5. Fire Extinguishers
6. Ventilation
7. Backfire Flame Control
8. Sound Producing Devices /Bell
9. Navigation Lights
10. Pollution Placard
11. MARPOL Trash Placard
12. Marine Sanitation Devices
13. Navigation Rules
14. State and Local Regulations
15. Overall Vessel Condition

Upon passing the Vessel Safety Check you will be awarded the 2021 VSC Decal to show that you are in compliance with the regulations.

We look forward to doing a VSC on your boat.  
All your VE's wish you a Safe and enjoyable boating season.

Executive Officer's Report  
P/C Robert Rendish, P

Hello members and friends of the Squadron, Despite our current insidious lock downs and restrictions our 2021 Change of Watch was held virtually. As a result, we had a respectable turnout on-line, good participation, a new Bridge with a huge collective amount of experience and a "new" Commander who's been "around the block". As in the past we had an expert Master of Ceremony who conducted the program, kept it moving and injected fine humor where possible. Thank you P/C Brent Rhoads, SN for a great job as always.

This year we are having our 2021 Chesapeake Bay Rendezvous at Haven Harbor Marina & Resort, in Rock Hall, MD. A very familiar, beautiful, well managed and maintained marina. Last year we unfortunately had to cancel our Rendezvous and hopefully, if all goes well, this year we can all gather, do some boating, socialize and have fun with our fellow members and friends. Arrangements are being made and you will be able to find further details in this issue of the Delhighlights.

Finally, an event I created with the help and encouragement of P/C Jim Ziegenfuss, JN back in 2008, a voluntary effort to help clean up a local lake, the Beltzville Clean-up and Vessel Safety Checks has also become a traditional Saturday morning in May to get your boat out for it's "shakedown run". Normally scheduled during National Safe Boating Week this day has become a great way for us to introduce to the various boaters, the Delhigh Power Squadron, America's Boating Club Lehigh Valley, while conducting many vessel safety checks and do something good and helpful for the local environment; picking up trash and debris along the shoreline and pathways around the lake. Scheduled for Saturday May 22, at 0900. Join us for lunch at Joey B's restaurant in Palmerton at 1300. Check the calendar of events for details, or call me at (610)967-2210.

The boating season is about to start!  
Get ready.  
To the Breezes.

Educational Officer's Report  
P/C Kathleen Nowroozani, SN

Delhigh taught another successful ABC3 class at Peter's Marine in May with 14 students passing the test for their license, a full class by Covid regulations. Thank you to all of our instructors that came out to make the class fun and successful. We are offering an additional virtual course in April for the students that we could not fit into the May class. Peter's Marine is heading into their busy season and does not have the room to host us again until Fall. We will be teaching ABC3 April 12, 15, 19 and 22 from 6-8pm via Zoom and will have the in-person proctored exam for this course Monday, April 26. We do have room for students, if anyone knows someone that might be interested please have them contact me.

At least one ABC student from January is interested in Boat Handling, we will offer boat handling during the week this spring if we can get enough students. We are holding off on Advance Piloting until fall if our Piloting students are ready to move on at that time. Anyone that is interested in a course or seminar please let me know.

"It is not the ship so much as the skillful sailing that assures the prosperous voyage." George William Curtis

Administrative Officer's Report  
Administrative Committee

I'm excited to say that a number of our members have had the vaccine and are ready to start getting together again! We have had many meetings, social hours and even our Change-of-Watch on Zoom the last many months and we have gotten by and kept in touch. We will continue to provide a Zoom option for meetings for anyone that is interested in joining us virtually.

April 17 we have a [social hour](#) at the Meiner's house to make up for the Game Night that was missed in February due to the mess left behind by the February 1st snow storm. We have our annual [sock burning](#) planned at the Dlugos Fire Pit on May 1 and hopefully the weather will be on our side, but either way I'm sure we'll manage to have a good time together.

Our [May meeting](#) is scheduled on a Thursday instead of a Wednesday because we are meeting at Casa Catrina in their upstairs private room and the service will be much better May 6th than it would be on Cinco de Mayo. We also have details in this newsletter for the upcoming [Beltzville lake clean-up and VSCs](#) along with the [post clean-up lunch](#), the [ice cream social](#), this year's [summer rendezvous](#) and the [August Iron Pigs Game!](#)

While we anticipate that these events will all be in person it is only fair to mention that there are still unknowns that could change plans but the administrative committee will keep you updated on any changes as they occur.

Please remember to RSVP to events in a timely manner so that we can have things running as smoothly as possible for all of us and enjoy being able to get together again. We hope to see everyone soon!

# USPS NATIONAL NEWS

**Virtual Annual Meeting**  
February 15-26, 2021

The 2021 Annual Virtual Meeting is over. The good news is that if you missed it you can still go back and watch recordings of any or all of the meetings! Meetings were recorded and the [recordings are available](#) online. A few of the sessions recorded cover topics such as the America's Boating Club App, America's Boating Channel Update, Virtual Meetings Bootcamp, ABC Membership and Retention, Public Affairs, Vessel Safety Examiner Workshop, Getting Started Co-Op Charting and so much more! You can now watch any time that suits your schedule.

# DISTRICT 5 NEWS

The District 5 Spring Conference and Change of Watch will be virtual this year. The committee meetings and officer training will take place online April 5-9 and Change-of-Watch will be the evening of Thursday April 8. Awards will not be presented but printed in the Mark 5. Keep an eye on the [District 5 website](#) for the schedule of meetings. Don't forget to read the District 5 newsletter and keep in touch with what is happening at the district level. [Mark 5](#)

# Help! My boat is taking on water

A sinking boat is every boater's nightmare. Although prevention and preparedness are key to keeping your boat afloat after taking on water, you should have an abandon ship kit, or [ditch bag](#), at the ready. At minimum, the kit should contain a handheld VHF radio, GPS, signaling devices, drinking water and rations.

Water gets into boats from holes below the waterline and swamping. You can prevent swamping, where water comes in over the side or stern, by not overloading the boat and by keeping the bow pointed into the waves.

## What to do when your boat is taking on water

1. Make sure everyone is wearing a life jacket.
2. Request assistance from the Coast Guard or other authorities.
3. Ensure that your bilge pumps are working.

**Then, take action to remove the accumulating water.**

### Bilge pumps

Too often, skippers and crew get so busy trying to fix the situation that they forget to check the [bilge pumps](#) and call for help until the boat begins to sink.

Most bilge pumps can operate at 400 to 2,000 gallons per hour. Using an engine water pump rigged as an emergency bilge pump, you can move 2,000 to 4,000 gph. The Coast Guard can deliver high-capacity pumps by boat or airdrop in an emergency.

### Scuppers

[Scuppers](#) drain water from a boat's cockpit or deck. Always make sure scuppers are clear of debris. On small boats, rain, spray, wave action, and failed bait wells and holding tanks can cause water to collect on deck. If this water doesn't drain down into the hull where the bilge pumps are located, you must bail the boat using hand pumps, buckets or anything else that holds water. If enough water collects on deck, the scuppers can become submerged and will need to be plugged to prevent more water from entering.

### When to abandon ship

Abandoning ship should be a last resort. If your boat is rapidly sinking, it might be time to abandon your vessel.

- Make sure you and your crew are wearing your life jackets.

Place a distress call on your VHF radio, and use any [visual distress signals](#) you have. (Save at least one flare for when you actually see a potential rescuer.)

- Launch your life raft and board it from your boat with your ditch bag and any other supplies.

If you don't have a life raft or any other means of support, then you may have to tread water or simply float until help arrives. In cold water, you should float, huddled together if possible, rather than tread water to reduce the possibility of [hypothermia](#).

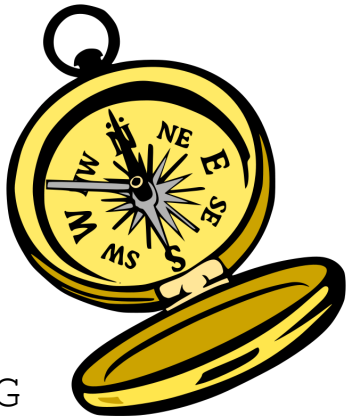

*Originally Printed in Compass, Jan 2021 Edition.*

You can also read about [Making your ditch bag list](#)

A well-equipped ditch bag could mean the difference in a life-or-death situation.
