Commander's Corner

Cdr Keith Knoblach, AP

Hello everyone. Days are getting shorter and temperatures are cooling, bringing our boating season closer to the end, but we still have some time left to enjoy ourselves on the water.

Our trailer boat rendezvous at Ridley Park Marina was a great time. We had warm dry weather although a little windy, but still a good trip north on the Delaware River and up the Schuylkill River; then up to the dam at Vine Street and back to the marina for some good food at Stingers Restaurant.

On a sad note, Delhigh lost two members this summer. They will be sadly missed.

I hope to see you at the upcoming events scheduled this fall and winter. Remember to take some time for yourself and enjoy whatever you do and always be safe.

*Delhighlights* is the official publication of the Delhigh Power Squadron, a unit of United States Power Squadrons®, **District 5**, and is published bi-monthly.

Words can simply not express how much Fran will be missed by the members of Delhigh Power Squadron. Fran was a kind presence at our events for many years. I am linking his obituary below along with the article that was written about him in our 2019 Delhighlights after having dinner with Fran and his lovely wife Diane and asking him to tell us about his life. I hope you enjoy these pictures of Fran at Delhigh events through the years.

Dick Garnjost became a member of USPS in January of 1969. He was a lifetime member and I only met him twice as he was aging out of being an active member as I was joining Delhigh. Below are a few photos from our 2012 Beltzville Lake Clean-up where Dick performed Vessel Safety Checks.

Our Vessel Examiners from 2012, Keith Knoblach, Kathy Now-roozani, Michael Lebeduik and Dick Garnjost posing with our Popeye and Olive Oil Vessel Safety cutout.

Our Vessel Examiners with our clean up crew ready for lunch, Nikki, Michael, Dick, Cyrus, Vince, Gary, Cindy, Oliver, Fran, Bob, Mark and Rich.

## *Richard 'Dick' Garnjost*

April 17, 1926 ~ April 14, 2025 (age 98)

Richard Garnjost, 98, of Easton, PA passed away April 14, 2025 in Easton Nursing and Rehab-Easton, PA. Born in Orange Town, New York on April 17, 1926 he was the son of the Late Frederick Garnjost and Jane Johnson. He was the loving husband of Bettie Garnjost (Jarvis) at home.

Graveside Services with Military Honors will take place on Friday May 30, 2025 at 11AM in Northampton Memorial Shrine.

## *Bettie Garnjost*

December 15, 1929 ~ May 13, 2025 (age 95)

Bettie Garnjost, 95, of Easton, PA passed away May 13, 2025 at home. She was the widow of Richard Garnjost who passed away April 14, 2025. Born in Delaware Park, New Jersey she was the daughter of the Late Douglas Jarvis and Ella (Sinclair).

Graveside Services will take place on Friday May 30, 2025 at 11AM in Northampton Memorial Shrine

# Become a Better Boater, Take an In-Person Boating Course with

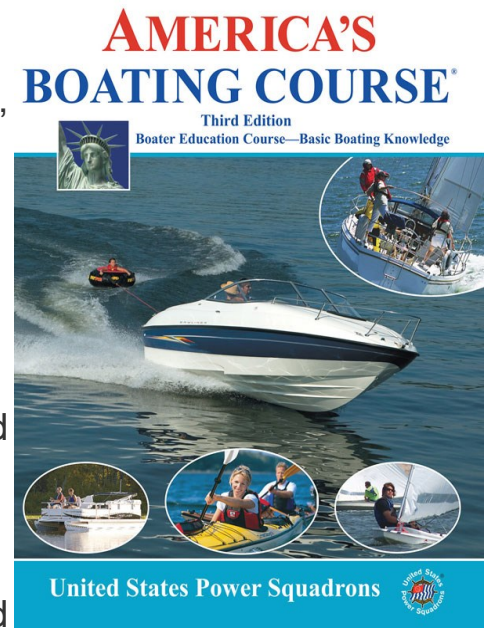

Taking a boating class reduces your risk of accidents and injuries, saves you money on boat insurance and qualifies you to test for your state boating license.

America's Boating Course is the most comprehensive, single source, in-person boating course available to give you the skills you need to enjoy your time on the water and boat with confidence. Our boater safety class meets the certification requirements for a Pennsylvania boat license.

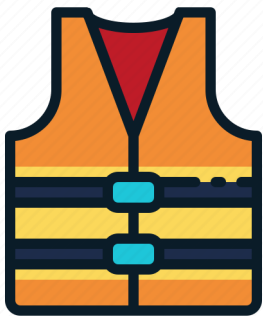

## What You'll Learn:

- Information about Pennsylvania State Boating Laws, regulations, boat registration, and licensing
- Required boating safety equipment
- Do's and Don'ts of boating safely
- Practical Knowledge of navigation and rules of the road
- How to handle medical emergencies onboard and mechanical problems on the water
- The basics of towing and trailering
- Special, important information for hunters, anglers, and sports enthusiasts.

For the best, most comprehensive boating education available, take America's Boating Course with our certified expert instructors.

**Cost of the Class is \$50 per person with book**

**Next course is Saturday, November 15 and 22, 9am-1pm  
Northampton Fire Department, 4 Lerchenmiller Drive**

For more information or to register for the course contact  
Kathleen at [k.now@mac.com](mailto:k.now@mac.com) or 956.240.5553

## VSC Corner

By: Crd Keith Knoblach, AP

The weather is changing and time is running out for getting out and relaxing on our boats. Some are getting ready to put their vessels away for the winter and others will keep going as long as they can.

Whichever you may be, keep thinking about next year and protect your vessel by keeping it in good condition and removing electrical components and food for the winter. Keep unwanted guests from making themselves a winter getaway while you aren't there.

Protect it from the elements by covering it if possible. Either empty or fill and add stabilizer to your fuel tank to avoid contamination in the fuel system.

The best way for a great season next year is to prepare your vessel as you put it away for the winter. Let's have a safe and happy healthy off-season with great memories and more to come.

### Executive Officer's Report

P/C Robert Rendish, P

The District 5 Fall Conference will be at the Lancaster Doubletree Hotel November 7 - 9, 2025. Further info and details can be found in this issue and online.

There is still great weather to continue boating through the rest of the summer and going into the early fall.

Even though the sunset is getting closer, the warm weather and bright skies of late are very inviting.

You will probably find the launch ramps are less busy, more parking for your rig if you are a trailer boater, and less activity on the body of water you are visiting.

Also, as we are unfortunately, slowly losing the summer conditions and warm temperatures, the early fall conditions are still great for boating and enjoying the early onset of the fall foliage starting to turn to the brilliant colors we will be seeing and enjoying.

To the Breezes.

### Administrative Officer's Report

Our Squadron has had months of fun events this summer. It was nice to see everyone and have a chance to catch up. As Fall arrives we have a lot of our favorite events coming up. Sporting Clays and Oktoberfest will be the same day again. This seems to be the best way for everyone to enjoy both without missing too much Fall boating. Please remember to RSVP for both separately.

Boos and Brews is back at the Lamboy residence and this is always a relaxing evening by the fire. I hope that you will join us this year, especially if you haven't in the past.

Our November Meeting will be back at Morgans in the back room ordering off the menu. Marie always takes good care of us and the food is delicious.

Our Wine and Cheese Pairing is at the Montuori residence once again with the option for beer tasting if you prefer to bring beer along instead. Don't forget to RSVP.

The Holiday Party is once again out in Pennsburg at Pizza Como. However, please note that we will be starting at 12 noon. We plan to order food by 1pm then have the Pollyanna gift exchange after lunch. When we leave there we plan to after party at the Nowroozani's for anyone that would like to come by.

The Phantoms game has been booked for Saturday, January 24. Mark your calendars and invite your friends. Details on page 9.

As always we hope to see you at an event soon.

Educational Officer's  
Report  
P/C Kathleen Nowroozani, SN

It sure doesn't feel like it yet, but summer is officially over. This is the time that we start planning classes to teach over the fall and winter. Our November ABC-3 class is scheduled at Northampton Fire Hall so let's get the word out to reach as many students as we can.

Our Fall Educational conference is in Lancaster, an easy drive for anyone that wants to attend Saturday, November 8th. You can find the schedule [here](#).

There are many courses and seminars online available to you through America's Boating Club including this one about [How to use AIS on your boat](#). As winter approaches and the temperature cools, there are many courses that you can take to keep up with technology and help keep you safe out on the water, be sure to check out all of the courses and find the ones that are best for you.

*"The breeze of grace is always blowing on you. You have to open the sails and your boat will move forward."*

## "The Rope Trick" - A Mistake You'll Only Make Once

It was a clear night off the west coast of Mexico and we were cruising southbound about 160 miles off the coastline.

Our 52' Hatteras was proceeding nicely at 11 knots when a slight vibration became noticeable. We figured we had struck something in the water. By shutting down one side and then the other, it seemed to be a propeller or shaft problem, but we could not say for sure. We needed to find a diver to check it out.

A single VHF call brought a reply from a fishing vessel that was night fishing in the area. Their base was on an island 40 miles to the east. The fishing captain spoke excellent English and put us in contact with his cousin on the island who offered to help. We set a course for the Island and arrived at daybreak.

A small dinghy with two men aboard came out to meet us. With few words spoken, one man dove under our boat and minutes later, surfaced with an armful of heavy line. Problem solved. We may have just been lucky in this case, but a good radio sure helped.

You can easily motor over flotsam that contains material to tangle in your prop, but an even more common rope issue can stem from your own tie lines.

A stern line left untied can find its way overboard and into your propeller. Always secure your tie lines, especially the lines to stern. When a prop picks up a rope, it will usually wind it very tightly and either your motor will stall or you will feel a strong vibration. With an outboard or sterndrive, you can trim up and survey the situation. It is very unlikely you will be able to untie the tangled line. The situation calls for a sharp knife. Be sure to always have one onboard. It is the kind of mistake that is hard to make, and hopefully you will only make once.
