## Our Meeting Place

The Bowman Restaurant on Harford Road. 410-665-8600. Our regular meetings are on the third Wednesday of each month (except July) and start at 7:30. Plan to arrive around 6:00 p.m. and we'll enjoy "happy hour" and then order dinner from the menu. Those not planning on eating may arrive at any time but the meeting will begin promptly at 7:30 p.m. The best parking is on the left of the building and then enter through the double doors on the side.

**COMMANDER**  
**J. STRETT BROADBENT, AP**

**A New Year, New Faces and New Challenges**

First I want to thank the Bridge, members of the Executive Committee and all others that were active for all their hard work and support!! Below are a few highlights of 2018-2019

## ***EDUCATIONAL OFFICER***

***John L. Hall, AP***

Spring is here and it's time to get ready to go boating. Welcome to the new (and not so new) bridge members. Many thanks to Streett for taking command for a second year. In order to help us help him we have scheduled a free Operations Training course on April 24<sup>th</sup> at 7pm. This course is encouraged for to all squadron members. It is a quick and fun course that goes over how things work in the squadron. All you need to bring is a pencil. As a bonus it is at my house and that doubles the fun. Please let me know if you are coming so I know how much ice to get for the bar.

If you have friends or family that haven't taken the required basic boating / ABC course or need a refresher we have at least two more opportunities this spring at West Marine in Rosedale. Each course will run four consecutive Tuesdays with the exam on the fourth class. Cost is \$32 per person. \$42 for two sharing one book. \$20 for Sea Scouts who are Power Squadron Members.

1<sup>st</sup> course - Tuesday April 2nd ALREADY under way.

2<sup>nd</sup> course starts Tuesday April 30<sup>th</sup> 6pm- 8 pm. May 7<sup>th</sup>, May 14<sup>th</sup>, May 21<sup>st</sup>

3<sup>rd</sup> course starts Tuesday June 4<sup>th</sup> 6 pm – 8 pm. June 11<sup>th</sup>, June 18<sup>th</sup>, June 25<sup>th</sup>.

Please contact me at [SEO@uspsdundalk.org](mailto:SEO@uspsdundalk.org). I'm building a matrix of courses and would like to have the schedule updated soon.

You can find out more information about all of our education opportunities at

Stay safe out there and keep learning.

Commander's article continued from page 2

Elections were held at the General Membership Meeting (GMM) on 20 March. Thanks to the Nominating Committee Chair, P/C Steve Dalgarno, N and his Team for their efforts and results!! We have an entire slate, except for the Executive Officer. Congratulations, and "thanks" to all those who came forward to lead us into 2019-2020!!!! I look forward to working with everyone.

Our Change of Watch was held at Baltimore Yacht Club on 23 March. While it was a smaller group, I think everyone enjoyed the "Festivities" - I know I did. I want to thank all of those helping with this event. A special "thank You" to D/Lt/C Walter K. Neese, SN for presiding over the ceremonies.

In the past, our focus was on **Membership & Fun**. These will remain high on our focus for this coming year.

Respectfully submitted,

Cdr. J. Streett Broadbent, AP

PS: In my last article, I forgot to thank Glenn Haldeman, SN, of all people, for helping with the 2019 Baltimore Boat Show. Glenn has been by my side the last 2 years in helping set up the day before and helping run the booth. Thanks, Glenn, for being there!!!!!!!

**ADMINISTRATIVE OFFICER**

**Sea Scouts and Americas Boating Club Perfect Partners.**

Imagine teens, girls and boys, ages 14-21, excited about boating.

In their busy lives, finishing high school, learning to drive, applying for and selecting jobs, colleges, and future careers, moving from their parents house to someplace unknown, and there's also the lure of dating. Even with all the pressure to become an adult some teens turn toward the sea.

Young people seeking knowledge, training, and skills that will enable them to step into a boat and safely navigate waterways are in deep need of support.

There is an organization exploding with knowledge, experience, tools and training. The potential perfect partnership for Sea Scouts is with America's Boating Club.

Some ideas for this mutually beneficial partnership include:

- save costs by sharing infrastructure and administrative expenses
- strengthen programs
- expand the exposure and members for both organizations
- improve efficiency
- share complementary skills and abilities
- appeal to broader demographic categories

A wider range of creative ideas and solutions to challenges are available when non profits work together. Sea Scouts perform thousands of service hours often in exchange for the many things they need including all levels of training, career mentors, sponsor funds for boat maintenance, equipment, and activities, especially their long awaited summer long cruises.

America's Boating Club and Sea Scouts, working together could be perfect partners.

Respectfully submitted,  
Tiffany Ferrari

**Please Welcome our Newest Member**

**Dominic Ferrari**

Dominic has been in Sea Scout Ship 361 for just over a year and is the rank of Apprentice—working on his next rank, Ordinary. He is Boatswain Mate for the ship.

Dominic was attending both high school and Junior college (started when he was 14) in San Diego. He is attending Anne Arundel Community College while completing High School. He is completing High School online and will earn a diploma summer of 2019. He turned 17 in January.

Dominic earned the rank of Eagle Scout at age 15, just before he and his family moved to Maryland. Dominic at his Eagle ceremony. Dodgeball was an ongoing theme in his troop.

He owns a Hobie Tandem Kayak that he saved for years to purchase. It still resides in CA. He is trying to figure out how to get here.

**SECRETARY Lt/C Ned Dexter, P**

G'day', sailors! In lieu of the mysteries of record-keeping, I researched recent boating safety and Homeland Security issues in the Mid-Atlantic, and found...nothing.

So, I figured, the next best topic is vessel preparation, including getting ready for your Vessel Safety Check.

- USPS has a nice list of the USCG requirements for recreational vessels on-line at:  
[https://www.usps.org/national/vsc/conductvsc\\_files/USCGMinReq\\_2012.pdf](https://www.usps.org/national/vsc/conductvsc_files/USCGMinReq_2012.pdf) .
- If you want to do a preliminary VSC yourself before our inspector gets there, DAPS National has their Vessel Safety Check Form online at  
<http://www.usps.org/door/vsc/2018-vsc-form.pdf> .
- West Marine has a video and pre-departure list online:  
<https://www.westmarine.com/WestAdvisor/Safe-Boating-Checklist>
- West Marine also has a copy of the USCG's pamphlet "A Boater's Guide to the Federal Requirements for Recreational Boats" at: <https://newcontent.westmarine.com/documents/pdfs/OwnersManuals/SAFETY/420.pdf> .

**S/V Certainty:** Our baby is under tarps in the yard at Maryland Marina for the winter. Last weekend I had to remove a bunch of things from the cabin - the steps, the couch, and the center cabin deck panel, to open up the bilge and remove the gasketed lid to the keel well, so I could replace the pendant rope and take a look at the hinge pin for the keel, which can swing up into this position. All was well, and I got the lid back on, but have to carefully torque it down so the baby doesn't sink in her slip (again - didn't happen under my watch, but I don't want it to happen since I had to replace the electronics).

Ooof, 56 bolts to torque down in a complex pattern.

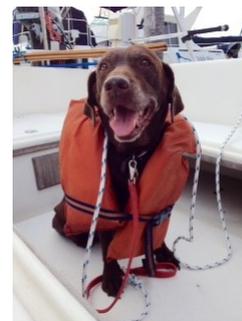

I've got half of the teak refinished and reinstalled, and some more is in the workshop; and I am going to put a new laminate on the cabin sole before I put the rest of the furniture back. Then scrape and paint the antifouling on the lower hull but that doesn't take too long on a 22' boat. Oh well, that's what weekends are for!

Your humble scribe,

Ned Dexter, P, Secretary

Sadly, Truffle the Boating Safety Dog has crossed the bar, sniff. RIP. She was 16 1/2.
